

Femring[®]
estradiol acetate vaginal ring
0.05 mg/day, 0.10 mg/day

SAVINGS PROGRAM

Commercially insured patients

pay as little as **\$25**

for copays for a 90-day supply (1 ring 0.05 mg/0.10 mg) of Femring

BIN# 610020
PCN# ACR
GROUP# 99995046
ID# 14370066601

Femring is commercially available through your local retail pharmacy stores.

You are not eligible if prescriptions are paid by any federal, state, or other government-funded program, including, but not limited to Medicare or Medicaid, Medigap, VA, DOD, or TRICARE, or where prohibited by law.

See full terms and conditions below.

INDICATION

Femring is a prescription vaginal ring that contains estradiol (an estrogen hormone). Femring is used after menopause to reduce moderate to severe hot flashes and treat moderate to severe menopausal changes in or around the vagina.

TERMS AND CONDITIONS:

Eligible commercially insured patients pay as little as a \$25 copay on a 90-day supply of Femring. Regardless of the number of replacement coupons received, the coupon offer is limited to 5, 90-day prescriptions of Femring per calendar year. Patient is responsible for the first \$25 of the out-of-pocket costs per prescription fill. Any remaining balance after application of program benefits is the responsibility of the patient. No other purchase is necessary. Patient, pharmacist, and prescriber agree not to seek reimbursement for all or any part of the benefit received by the recipient through the offer. Patient is responsible for reporting receipt of coupon benefit to any insurer, health plan, or other third party who pays for or reimburses any part of the prescription filled using the coupon, as may be required.

PATIENT INSTRUCTIONS:

In order to redeem this offer, you must be 18 years of age or older and have a valid prescription for Femring. This offer may not be redeemed for cash and is not insurance. By using this offer, you are certifying that you meet the eligibility criteria and will comply with the terms and conditions described in the Restrictions section below. Patients with questions about the Femring Savings offer should call **1-312-265-4989**.

PHARMACIST:

When you apply this offer, you are certifying that you have not submitted and will not submit a claim for reimbursement under any federal, state, or other governmental programs for this prescription. If primary commercial prescription insurance exists, input Femring Savings Program coupon information as secondary coverage and transmit using the COB segment of the NCPDP transaction. Applicable discounts will be displayed in the transaction response. Acceptance of this Femring Savings Program coupon and your submission of claims for the Femring Savings Program are subject to program Terms and Conditions. Patient is not eligible if prescriptions are paid in part or full by any state or federally funded programs, including, but not limited to Medicare or Medicaid, Medigap, VA, DOD, or TRICARE and where prohibited by law. Not valid for use with any other prescription drug discount or cash cards for Femring. Claims submitted utilizing the program are subject to audit or validation. For questions regarding online processing, please call the Pharmacy Help Desk at **1-312-265-4989**.

RESTRICTIONS:

The coupon is not transferable. No substitutions are permitted. The offer cannot be combined with any other coupon, free trial, discount, prescription savings card, or other offer. **The coupon is not insurance. Patient must have private insurance. Not valid for uninsured patients or patients covered under Medicaid, Medicare, or a Medicare Part D or Medicare Advantage plan (regardless of whether a specific prescription is covered), TRICARE, CHAMPUS, Puerto Rico Government Health Insurance Plan ("Healthcare Reform"), or any other state or federal medical or pharmaceutical benefit program or pharmaceutical assistance program (collectively, "Government Programs").** The coupon can be used only by eligible residents of the United States at participating eligible retail or mail-order pharmacies in the United States.

Please Note: If you receive a new start patient benefit with a \$25 copay and your insurance does not cover Femring, the amount you pay for subsequent refills will be as low as \$190 for a 90-day ring.

The coupon is the property of Millicent Pharma and must be turned in on request. It is illegal to sell, purchase, trade, or counterfeit, or offer to sell, purchase, trade, or counterfeit the coupon. Void if reproduced. Void where prohibited by law, taxed, or restricted. Millicent Pharma reserves the right to rescind, revoke, or amend the offer at any time without notice.

IMPORTANT SAFETY INFORMATION AND INDICATION

The most important information you should know about Femring® (estradiol acetate vaginal ring) (an estrogen hormone)

- Using estrogen-alone may increase your chance of getting cancer of the uterus (womb). Report any unusual vaginal bleeding right away while you are using Femring. Vaginal bleeding after menopause may be a warning sign of cancer of the uterus (womb). Your healthcare provider should check any unusual vaginal bleeding to find out the cause.
- Do not use estrogen-alone to prevent heart disease, heart attacks, strokes or dementia (decline in brain function).
- Using estrogen-alone may increase your chances of getting strokes or blood clots.
- Using estrogen-alone may increase your chance of getting dementia, based on a study of women 65 years of age or older.
- Do not use estrogens with progestins to prevent heart disease, heart attacks, strokes or dementia.
- Using estrogens with progestins may increase your chances of getting heart attacks, strokes, breast cancer, or blood clots.
- Using estrogens with progestins may increase your chance of getting dementia, based on a study of women 65 years of age or older.
- You and your healthcare provider should talk regularly about whether you still need treatment with Femring.

Femring is a prescription vaginal ring that contains estradiol (an estrogen hormone). Femring should be removed after 90 days of continuous use. If you and your healthcare provider decide you should continue using Femring, a new ring can be inserted in your vagina.

Femring is used after menopause to reduce moderate to severe hot flashes and treat moderate to severe menopausal changes in and around the vagina.

Do not start using Femring if you have unusual vaginal bleeding; currently have or have had certain cancers, blood clots, or liver problems; had a stroke or heart attack; have been diagnosed with a bleeding disorder; are allergic to Femring or any of its ingredients; or think you might be pregnant.

Before you use Femring, tell your healthcare provider if you have any unusual vaginal bleeding, have any problems with your vagina or cervix (lower end of your womb), have any other medical conditions, are going to have surgery or will be on bed rest, or are breastfeeding. Also tell your healthcare provider about all the medicines you take, including prescription and nonprescription medicines, vitamins and herbal supplements.

Estrogens increase the risk of gallbladder disease. Discontinue estrogen if loss of vision, pancreatitis, or liver problems occur. If you take thyroid medication, consult your healthcare provider, as use of estrogens may change the amount needed.

Serious, but less common side effects include heart attack, stroke, blood clots, dementia, breast cancer, cancer of the lining of the uterus (womb), cancer of the ovary, high blood pressure, high blood sugar, gallbladder disease, liver problems, changes in your thyroid hormone levels, and enlargement of benign tumors of the uterus ("fibroids").

Less serious, but common side effects include headache; breast tenderness or pain; irregular vaginal bleeding or spotting; stomach or abdominal cramps; bloating, nausea and vomiting; hair loss; fluid retention; vaginal yeast infection; and reactions from inserting Femring such as burning, irritation, and itching.

Call your healthcare provider right away if you have any of the following warning signs, or any other unusual symptoms that concern you: new breast lumps, unusual vaginal bleeding, changes in vision or speech, sudden new severe headaches, severe pains in your chest or legs with or without shortness of breath, weakness and fatigue.

For more information, talk with your healthcare provider.

You are encouraged to report negative side effects of prescription drugs to Millicent Pharma at 1-877-810-2101 or to the FDA at 1-800-FDA-1088 or www.fda.gov/medwatch.
